

RENDER BASIC FIRST AID

Unit Standard: 9965

Course Information

Course Title	Render Basic First Aid
Course Level	2
Course Credits	4
Course Duration	Three days
Cost of Course	R 2 800,00 per delegate (excluding 15% VAT)

Course Overview

This course enables delegates to understand the relevant skills and ability to render basic first aid assistance.

This highly interactive and practical course is designed to provide delegates with a sound knowledge of all elements that is involved with basic first aid, in order to:

- Intervene in a first aid scenario.
- Treat bleeding wounds.
- Treat an injured person for shock.
- Immobilise a fracture.
- Intervene in minor medical emergencies.

Render Basic First Aid

Who Should Attend?	• This course is designed for delegates who are willing to help people by practising first aid.
Course Objectives	• The fundamental objective of the course is to equip delegates with the competence to perform basic medical care.
Benefits	Benefits of this course include: • It does more than only aid in the saving of lives. It is undeniable that having first aid training helps save lives. • Improve patient comfort. • Equips delegates with skills to prevent the injury worsening. • Instils faith in one's ability to provide care.

Course Content

Course Modules	Course modules consist of: 1. Identifying and eliminating potential hazards around an injured person. 2. Examining visible vital signs of the injured person. 3. Telephone number of emergency services in the area. 4. Requesting assistance - the injured is reassured and calmed and information about the injury cause is requested. 5. Mouth-to-mouth resuscitation demonstration. 6. Application of universal principles for treating infectious diseases. 7. Checking a wound for foreign objects. 8. Controlling serious bleeding using the most appropriate method and the correct procedure. 9. Identifying signs of shock. 10. Correct treatment procedures demonstration. 11. Immobilised a limb using available materials. 12. Accessing the first aid. 13. Identifying signs and symptoms associated with the condition. 14. Administering basic first aid in current work processes.
Certification and Assessments	All delegates who complete the summative assessment will be assessed, moderated, and receive an SOR (Statement of Results). Thereafter a Certificate of Competence from WWISE (or SETA for qualifications) will be issued.

About WWISE

Who are we?	World Wide Industrial & Systems Engineers (WWISE) is an ISO consultancy, training, business solutions, and systems implementation firm based in Southern Africa that provides clients with effective business processes management solutions in preparation for ISO compliance. The solutions we provide and implement allow our clients to compete favourably in modern competitive business environments, both locally and internationally. We also strive to be the leading training providers in SHERQ, ISO, Engineering, Finance, Business, and Project Management.
What do we do?	Our services are aimed at the improvement of quality, efficiency, knowledge, and competitiveness of client companies. This service range includes: • ISO and SHERQ Systems implementation services, whereby we assist clients in meeting the requirements of (but not limited to) ISO 9001, 14001, 22000, 31000, 27001, 20000-1, 50001, and ISO 45001 Standards. • Integrated Management Systems development whereby we integrate several business systems and management solutions into a single management system to comply with standards. • Training of all employees (Shop Floor to Executive Management) in the fields of SHERQ, Engineering, Finance, Business, and Project Management to meet job responsibilities and expertise requirements of International Standards. • ISO and Legal Auditing which includes Gap Analysis Audits, Product, Process, Procedural, and Systems auditing by our registered SAATCA Auditors. • Customised web-based solutions integrating current systems to be in line with ISO requirements. We are a Level 1 BBBEE Contributor that specialises in systems development, consultancy, training, and auditing.
