Qualification Title	Further Education and Training Certificate: New Venture Creation
Course Title	Interpret and Use Information from Texts
Course Level	3
Course Credits	5
Course Duration	Three days
Cost of Course	R 2 800,00 per delegate (excluding 15% VAT)

Course Overview

Learners will be able to able to read and view a variety of text types with understanding and to justify their views and responses by reference to detailed evidence from texts. They will also be able to evaluate the effectiveness of different texts for different audiences and purposes by using a set of criteria for analysis.

Further Education and Training Certificate: New Venture Creation

Who Should Attend?	• Entrepreneurs. • Administrators. • Those who would like to complete the qualification.
Course Objectives	• Use a range of reading and viewing strategies to understand the literal meaning of specific texts. • Use strategies for extracting implicit messages in texts. • Respond to selected texts in a manner appropriate to the context. • Explore and explain how language structures and features may influence a reader/viewer.
Benefits	Benefits of this course include learning to: • Explore different techniques for the audience. • Understand and explain that languages have certain features and conventions, which can be manipulated. • Apply this knowledge and adapt language to suit different contexts, audiences and purposes • Identify and solve problems: using context to decode and make meaning individually and in groups in oral, reading, signed and written activities. • Work effectively with others and in teams using interactive speech/signing in activities, discussion and research projects. • Organise and manage oneself and one's activities responsibly and effectively through using language. • Collect, analyse, organise and critically evaluate information fundamental to the process of growing language capability across language applications and fields of study. • Communicate effectively using visual, mathematical and/or language skills in formal and informal communications. • Use science and technology effectively and critically using technology to access and present texts and exploring the ethics of science and technology through studying texts from and about these fields. • Understand the world as a set of inter-related parts of a system through using language to explore and express links, and exploring a global range of contexts and texts.

	• Contribute to the full development of oneself: by engaging with texts that stimulate awareness and development of life skills and the learning process.

Course Content

Course Modules	Course modules consist of learning to: 1. Use a range of reading and/or viewing strategies to understand the literal meaning of specific texts. 2. Use strategies for extracting implicit messages in texts. 3. Respond to selected texts in a manner appropriate to the context. 4. Explore and explain how language structures and features may influence a reader/viewer.
Certification and Assessments	All delegates who complete the summative assessment will be assessed, moderated, and receive a SOR (Statement of Results). Thereafter a Certificate of Competence from WWISE (or SETA for qualifications) will be issued.

About WWISE

Who are we?	World Wide Industrial & Systems Engineers (WWISE) is an ISO consultancy, training, business solutions, and systems implementation firm based in Southern Africa that provides clients with effective business processes management solutions in preparation for ISO compliance. The solutions we provide and implement allow our clients to compete favourably in modern competitive business environments, both locally and internationally. We also strive to be the leading training providers in SHERQ, ISO, Engineering, Finance, Business, and Project Management.
What do we do?	Our services are aimed at the improvement of quality, efficiency, knowledge, and competitiveness of client companies. This service range includes: • ISO and SHERQ Systems implementation services, whereby we assist clients in meeting the requirements of (but not limited to) ISO 9001, 14001, 22000, 31000, 27001, 20000-1, 50001, and ISO 45001 Standards. • Integrated Management Systems development whereby we integrate several business systems and management solutions into a single management system to comply with standards. • Training of all employees (Shop Floor to Executive Management) in the fields of SHERQ, Engineering, Finance, Business, and Project Management to meet job responsibilities and expertise requirements of International Standards. • ISO and Legal Auditing which includes Gap Analysis Audits, Product, Process, Procedural, and Systems auditing by our registered SAATCA Auditors. • Customised web-based solutions integrating current systems to be in line with ISO requirements. We are a Level 1 BBBEE Contributor that specialises in systems development, consultancy, training, and auditing.
