

ISO 55001:2014

Asset Management Internal Auditor

Course Information

Course Name	ISO 55001:2014 – Internal Auditor
Course Designer	World Wide Industrial and Systems Engineers
Course Category	Asset Management
Course Duration	3 Days

Course Overview

This course aims to introduce the new standard ISO 55001:2014 on Asset Management & train them as the internal auditor. The ISO 55001:2014 standard specifies the requirements for the establishment, implementation, maintenance and improvement of a management system for asset management, referred to as an “Asset Management System”. This International standard can be used by any organisation.

ISO 55001:2014 – Asset Management

Who Should Attend?	• Professionals who wish to gain knowledge and understanding of Asset Management • Industrial professionals who wish to understand the best practice framework for Asset Management • Internal Auditors who wants to learn the skill required to perform internal audit for using the framework of the new Asset Management standard ISO 55001:2014

About WWiSE

Who are we?

World Wide Industrial & Systems Engineers (WWiSE) is an ISO consultancy, training, business solutions and systems implementation firm based in Southern Africa that provides clients with effective business processes and Safety, Health, Environmental, Risk and Quality (SHERQ) management solutions in preparation for ISO compliance. The solutions we provide and implement allow our clients to compete favourably in modern competitive business environments, locally and internationally. We also strive to be the leading training providers in SHERQ, ISO, Engineering, Finance, Business and Project Management.

What do we do?

Our services are aimed at the improvement of quality, efficiency, knowledge, and competitiveness of client companies. The service range includes:

- ISO and SHERQ Systems implementation services whereby we assist client companies in meeting the requirements of ISO 9001, 14001, 22000, 31000, 27001, 20000-1, 50001 and ISO 45001 standards.
- Integrated Management Systems development whereby we integrate several business systems and quality management solutions into a single management system to comply with various quality and safety standards.
- Training of all employees (Shop Floor to Executive Management) in the fields of SHERQ, Engineering, Finance, Business and Project Management to meet the job responsibilities and expertise requirements of International Standards.
- ISO, Legal auditing which includes gap analysis audits, product, process, procedural, and systems auditing by our registered SAATCA auditors.
- Customised web-based solutions integrating current systems to be in line with ISO requirements

We are a Level 1 BBBEE Contributor that specialises in systems development, consultancy, training, and auditing.
